Hard working Computer Scientist with a wide variety of programming languages proficiencies. Self-motivated and a great team player. Passionate about User Interface design with an emphasis on web design and mobile application design.

## PROFESSIONAL EXPERIENCE

### ASSISTANT LAB CONSULTANT / LEAD LAB CONSULTANT CSULA / September 2017 – Present

Assist students in the Open Access Lab with things like wireless printing, help with programs and copying. Make sure the Open Access Lab is clean and computers are working. Regulate computer access when the labs are full using a waitlist. Ensure that all lab consultants follow university, ITS and Open Access Lab guidelines. Troubleshoot hardware, software, desktop and network issues. Help clear outstanding trouble tickets.

### TECHNOLOGY AND GAMES TEACHER Star Education / March 2015 – June 2016

Taught elementary school children grades K-5th different ways to interact with technology and proper computer skills through the use of games and other methods. Did that by using different materials such as computers, tablets and mini personal computers to teach them gaming, computer coding and many other useful skills.

### TALENT MEMBER

#### Pacific Theatres at the Grove / November 2012 – March 2014

Delivered superior service while connecting with our guests and supporting efforts to achieve pacific theatres financial goals. Exhibited excellent guest service skills. Met sales expectations through suggestive selling, upselling, merchandising and sampling. Ensured the security of all cash, receipts and tickets. Cleaned and maintained the exterior and interior areas of the theatre including auditoriums, restrooms, lobbies, concession areas, and box office areas. Communicated and engaged with everyone.
